SEYMOUR IS RELIEVED

His Force Is Returning to Tien Tsin
With Relief Party.

SIXTY-TWO KILLED.

Not a Word as to the Legations at
Pekin and the Greatest Anxiety
Prevails—Native Christians
Are Being Murdered.

Che Foo, June 28.—Admiral Seymour's
expedition has been relieved and is re-
turning to Tien Tsin. His losses were
62 killed and 312 wounded.

The news that reached here about Sey-
mour being relieved says nothing about
the legations of Peking and it is presumed
he does not know anything concerning
them. Anxiety as to them increases.

It is generally accepted they have been
compelled to leave Peking, but whether
as wards under Chinese escort or as hos-
tages, their plight excites the gravest
anxiety. Even if they are in care of
Chinese escort this is hardly considered
a good guarantee of the safety of "for-
eign devils" in the country are swarm-
ing with most virulent enemies.

A telegram from Jardine Matheson
& Co., dated at Shanghai, suggests the
ministers are still at Peking, but admits
there is no news from the capital.

Dispatches from Shanghai reiterate
the announcements of the massacre of
native Christians in the inland districts
which rival Armenian horrors.

Officials at places watched by gun-
boats make a show of protecting mis-
sionaries but there is not even a pretense
at protection for the converts in the
interior, who are butchered by the whole-
sale.

The Russian colonel, Schtelle, com-
manding the combined forces of 10,000
men is supposed to be proceeding to
Peking.

It is estimated that from 40,000 to 60,
000 Chinese troops are now before Peking.
Boxers from all sections are swarming
there.

Apprehension as to Ministers.

Washington, June 28.—Officials here
have felt sure that the foreign ministers
to China were with Admiral Seymour's
column, but that confidence is shaken.
The only official dispatch received from
the seat of trouble was from Admiral
Kempff, and that was so barren of in-
formation earnestly demanded as to be
the cause of severe criticism at the ad-
miral's expense. His dispatch makes
no mention of the ministers' welfare or
of Seymour's column.

Taken in connection with the ominous
press dispatches from Che Foo relative
to the return of Seymour's broken col-
umn to Tien Tsin, officials feel that they
have good grounds for renewed appre-
hension as to the fate of the foreign
ministers.

The conclusion drawn by the navy de-
partment officials from Admiral
Kempff's dispatch is that he is not in
communication with Tien Tsin and not
withstanding the Cable company's
notice Wednesday, there is still no route
open to that city save by runners, who
must pass through a country beset by
boxers to reach Che Foo.

No mention is made in any of the
dispatches as to casualties to the Amer-
ican marines with Seymour.

Troops Leave for China.

Washington, June 28.—The war de-
partment has received the following

COLONEL LISCUM.

cablegram from General MacArthur:
"Transport left Manila at 8:30 on the
morning of June 27, with Colonel Liscum
in command, and 39 officers and
1271 men."

Message from Kempff.

Washington, June 28.—The following
cablegram has been received by the
navy department from Admiral Kempff:
"Che Foo, June 28.—Secretary of
Navy, Washington:—About 12,000
men troops are now ashore. Soldiers
ordered should report at Taku instead
of Che Foo. Have substituted Nash-
ville for the Yorktown at Che Foo. The
Yorktown is used as a dispatch boat, be-
ing more suitable."

Brought Seymour's Wounded.

St. Petersburg, June 28.—The minis-
ter of war has received the following
from Admiral Alexjeff dated Port Ar-
thur, June 27:

"During the night of June 25, a de-
tachment of four companies of Russians,
Colonel Schilvsky commanding, and
the same number of foreigners, went to
the relief of Admiral Seymour and
brought 200 of his wounded to Tien
Tsin."

CUBAN RELEASED.

Wood Orders an Investigation of an Ac-
quittal of a Murderer.

Havana, June 28.—A Cuban police-
man who recently shot an American
named Welshed has just been acquitted
by the judges in circumstances so extra-
ordinary that Governor General Wood
will order an investigation. The fiscal
said the case had been completely
proved and he demanded a sen-
tence of 14 years.

Americans in Havana are very indig-
nant over what they claim is a studied
attempt to show the Cubans that it is no
crime to kill an American. Some months
ago, at the trial of a Cuban editor who
had killed Mr. Smith, the American col-
lector of customs at Gibara, the fiscal
said he rose with regret to request the
punishment of a Cuban for killing of
the "interveners," an act which, in his
opinion, was scarcely a crime.

CUT THEIR TIME.

Twelve Hours Shifts Made Eight Hours
by President Low.

New York, June 28.—In looking over
the accounts of Columbia university, a
few days ago, Seth Low, the president,
discovered that the 24 men employed in
the boiler rooms and electrical power de-
partments were working in 12-hour
shifts. He gave orders to put the men
on an 8-hour shift, without reducing
their pay and to employ one-third more
men at once.

"I am a firm believer in the justice
and wisdom of an 8-hour day," Presi-
dent Low said when asked about the
change, which had been made public by
one of the men affected, "and I know of
no better way than to put one's profes-
ion into practice where one has
power."

Indians Holding Their Own.

Oaxaca, Mex., June 28.—The attack of
the government troops on Chan Santa
Cruz, the stronghold of the Mala In-
dians, is still delayed owing to the vi-
gorous opposition offered by the rebels
against the advance of the troops. Gen.
Bravos' force of over 3000 men have
been joined about 20 miles from the
town by over 2000 troops commanded by
General Martinez. Small detachments
of troops have been led into ambushes
on a number of occasions by the Indians
and sustained losses.

Renounces Heir to Throne.

Vienna, June 28.—Archduke Franz
Ferdinand, former heir to the throne
and nephew of the emperor of Hofburg,
in the presence of the emperor, arch-
dukes, ministers and state dignitaries,
took the formal oath that he and his
future wife (Princess Chotek) will
both regard their marriage as morgan-
atic. Consequently the wife will never
assume the position of empress and the
children by their marriage never claim
the right of succession.

Trafficked in Railroad Tickets.

Philadelphia, June 28.—Harry States,
William E. Brill and George W. Kelley,
employees of hotels in this city and Wil-
liam Wilson, alias Dubro, have been
sentenced to pay a fine of \$100 each on
the charge of illegal traffic in railway
tickets and to stand committed until the
fine is paid. The men were arrested
during and after the Republican nation-
al convention while disposing of Penn-
sylvania railway tickets at cut prices.

Rival Drummers Fight.

New York, June 28.—Solomon Scruggs
of Chicago and Philip Hillpot of St.
Louis, rival drummers for farming im-
plement houses, quarreled over the dis-
tribution of trade at Westport, N. J.
Both drew pistols and began firing.
Scruggs fell mortally wounded and died
a short time later. Hillpot received a
bullet in his chest. He cannot recover,
the doctors say.

The Storm at Kansas City.

Kansas City, June 28.—The violent
wind storm here Wednesday night did
much damage. Some small structures
were unroofed and trees uprooted, but
the national Democratic hall was unin-
jured. It is not yet complete, some of
the steel of the structure not having yet
arrived, but even the present condition
it withstood the storm.

Robber on a Pullman.

Omaha, June 28.—A masked robber
started through a Pullman car on the
Omaha-Billings branch of the Chicago,
Berlington and Quincy train after leav-
ing Omaha, early this morning.
He got two watches and \$70 but took
alarm, pulled the air brake and left the
train before completing his work.

Burned by an Exploding Lamp.

Guthrie, O. T., June 28.—Miss Annie
Dixon, a school teacher at Mangum,
attempted to throw an exploding lamp
from a room and the burning oil was
thrown all over her, burning her face.

Cut in Wages.

New York, June 28.—It is reported
that the board of wages at the Brooklyn
navy yard has recommended a cut
in wages for several of the grades of
mechanics and machinists. The report has
been approved, it is said, by Secretary
Long.

Women Can Not Practice Law.

Nashville, Tenn., June 28.—The Ten-
nessee supreme court at Jackson decided
that women can not practice law before
any of the courts of Tennessee. Judges
Wilkes and Caldwell dissented.

Armstrong, I. T., June 28.—Mrs. Mose

she was visiting. In attempting to

TO EJECT INTRUDERS

United States Troops Will Be Used
to Clear Reservations.

INDIANS COME FIRST

The Land Will Not Be Available to
Outsiders Until the Indians Get
Their Allotments and Graz-
ing Lands Set Aside.

Washington, June 28.—Colonel J. H.
Randlett, agent for the Kiowa, Co-
manche and Apache Indians of Okla-
homa, is in Washington conferring with
the commissioner of Indian affairs and
the secretary of the interior in regard to
ejecting intruders upon the reservation
recently ceded to the United States. Colonel
Randlett said that these trespassers number
about 3000 and exceeded the population.
Orders will be issued at once to compel the
intruders to leave the ceded lands. If they
fail to do this within ten days the military
forces at Fort Sill, O. T., will be called upon
for aid.

The whites began pouring in on the
ceded land as soon as the act was passed
ratifying the treaty. Under a recent
construction of the act of June 6, the
secretary of interior announced that no
lands would be available for mining or
settlement until part of the lands had
been allotted to the Indians in severalty
and others had been set aside to be used
for grazing purposes for the benefit of
the Indians in common.

A conference of the tribes will be held
July 6, when the wishes of the Indians
in regard to the grazing lands will be
learned. Colonel Randlett will repre-
sent the United States at this conference.

Kiowa and Comanche Lands.

Chickasha, I. T., June 28.—The pas-
sage of the bill to throw open the Kiowa
and Comanche reservation to settlement
has occasioned much rejoicing here. No
one thinks that fewer than 100,000 men
will make the run for homes. About
200,000 acres of land will be opened to
the runners, leaving out the mountains
and allotments. A great deal of this
land is being cultivated now, and of
course produces well, the usual crop of
wheat being 15 to 25 bushels per acre,
and corn 50 to 60 bushels. The Washita
valley is all cultivated 25 miles west of
here, and many valleys of creeks are be-
ing cultivated. These lands in cultiva-
tion are owned or controlled by squaw
men or by progressive Indians, who
lease to white men.

Filipino Leaders Released.

Manila, June 28.—Nine of the insur-
gent leaders, including Generals Pio del
Pilar, Concepcion, Garcia and Alvarez,
have been released upon taking the oath
of allegiance to the government and re-
nouncing all forms of revolution in the
Philippines, together with making formal
acknowledgment of American sov-
ereignty. This oath is much stronger
and more binding than the oath which
General Otis administered and was con-
sequently more distasteful to the Fili-
pinos who accepted it with bad grace,
fully realizing the results of any viola-
tion.

Will Run Through a Jungle.

Wharton, Tex., June 28.—The work
of cutting out the right of way for the
Cane Belt eastward on its route between
this point and Bay City began this
week. There will be seven miles of jung-
led undergrowth to go through, where
man's foot has never trod. Nine men of
the surveying corps made the start, cut-
ting a line with backknives. Twenty
snakes were killed the first day. Bear
tracks innumerable were found, besides
evidences of other wild animals. It is
considered a huge undertaking.

Population of San Antonio.

San Antonio, Tex., June 28.—It is re-
liably reported here that the census will
give San Antonio exceeding 53,000 popu-
lation. Some slight friction developed
over the employment of colored enu-
merators, sufficient to prevent a full
count in any of the districts. The gain
is mainly in American population.

Celebrated Counterfeiter Dead.

Columbus, O., June 28.—Miles Ogle,
the celebrated counterfeiter, died at the
Mount Carmel hospital, aged 66
years. He was recently released from
the Ohio penitentiary after 10 year's
confinement under a sentence imposed
upon him at Memphis, Tenn.

Stevens' Sentence Affirmed.

Austin, Tex., June 28.—The court of
criminal appeals has affirmed the case of
Bob Stevens from Anderson, given a life
sentence for participating in the Trans-
Cedar lynching in Henderson county
when the Humphreys were hanged by
a mob.

A Killing at Shreveport.

Shreveport, La., June 28.—G. W.
Whitaker of Texarkana was shot here.
Three balls lodged in the abdomen and
one in the leg. Whitaker was a son of
Ben Whitaker, a tie contractor of Tex-
arkana. John Luchini, a saloonkeeper,
is in jail.

Shot Through the Abdomen.

Texarkana, Tex., June 28.—John Slover
a bridge watchman for the Iron Moun-
tain and Southern Railroad company at
Fulton, Ark., was shot through the
abdomen here and will hardly recover.
An arrest was made.

Population of Chickasha.

Chickasha, I. T., June 28.—The cen-
sus enumerator has almost finished his
work in the city, giving it an increase
in population since Jan. 1 of nearly 100
per cent, making it a city of nearly 4500
people.

DEMOCRATIC CONVENTION.

First Day Will Be a Regular Fourth of
July Celebration.

Kansas City, June 28.—Little will be
accomplished on the first day of the na-
tional Democratic convention, as it has
been decided that the day will be cele-
brated as a Fourth of July.

After the selection of temporary offi-
cers the declaration of independence
will be read from the platform and the
music and decorations on that day will
be selected with a particular idea of com-
memorating the national holiday.

The badges for the delegates have been
received. They are an elaborate affair.
There is an oxidized silver bar for the
pin, below which hangs a silk flag about
four inches long. To the flag is at-
tached a medallion of gold or oxidized
silver.

The United States Monetary league,
which will meet here at the auditorium
on July 2 and 3, will be addressed by
Senator W. V. Allen of Nebraska, J. R.
Sovereign, General J. B. Weaver of
Iowa, John P. Altgeld of Illinois, George
Fred Williams of Massachusetts, W. H.
(Coin) Harvey of Chicago, John P. St.
John of Kansas, Samuel Gompers, C. A.
Towne of Minnesota, Congressman Wil-
liam Sulzer of New York and others.

The meeting will adopt some resolu-
tions on what the platform ought to
contain, but it won't attempt to help
make the ticket.

National Prohibition Convention.

Chicago, June 28.—The attendance at
the Prohibition national convention to-
day was much larger than Wednes-
day. The galleries of the big First reg-
iment armory was thronged when Chair-
man Dickie rapped the convention to
order at 10 a. m., while the delegates
had been increased considerably by ar-
rivals from the more remote states.

Several thousand dollars were sub-
scribed by telegrams and visitors for
campaign purposes.

The roll of states was then called for
the nominations of president.

"Arkansas yields to Illinois," cried a
lone woman delegate from that state.

"Illinois has two candidates for presi-
dent," shouted a delegate.

Amid much applause National Chair-
man Oliver W. Stewart was recognized
and placed John G. Woolley of Illinois
in nomination.

George W. Greer of Illinois placed in
nomination Hale Johnson of Illinois.
Homer L. Castle of Pennsylvania
nominated Rev. Silas C. Swallow of
Pennsylvania.

After the nominations for president
the convention took a recess.

Michigan Republicans.

Grand Rapids, June 28.—The Repub-
lican state convention balloted four
hours yesterday for governor all to no
purpose, when the tenth ballot was
taken no candidate had more than half
enough votes to nominate and the con-
vention adjourned until today. Six
candidates were placed in nomination:
Colonel A. T. Bliss, D. M. Ferry, J. S.
Stearns, Charles S. Osborne, James
O'Donnell and Milo D. Campbell.

The platform commends the admin-
istration of President McKinley, indorses
the currency bill passed by congress and
the platform of the Philadelphia con-
vention, declares renewed allegiance to
the gold standard and expresses sym-
pathy with the people of the South African
republics, hoping that peace may be
speedily secured.

Stickney Nominated.

Montpelier, Vt., June 28.—The Re-
publican state convention held here
nominated W. W. Stickney for gover-
nor.

Madison County Notes.

From The Meteor:

Right now is the critical moment for corn and all eyes are anxiously watching for some sign of a good rain. County Treasurer Day reports the corn crop on his place the finest for years.

Roasting ears, cotton blooms and happy countenances on more farms than one in this county just now.

Huntsville has shipped several cars of tomatoes to northern markets. Lord, what could we do if we had a railroad.

J. L. Goodrum of southeastern portion of county was here Monday. Said his section was not needing rain and that crops were fairly good. Reports one of his children sick, also one of Mrs. Bullard's children and one of Jno. Turner's.

The Madisonville reunion will take place August 8, 9 and 10, and will be ahead of anything in this section. The old confederates of Camp Jno. G. Walker are past masters in pulling off a reunion and the number of visitors this year will be larger than on any previous occasion.

DUEL IN LOUISIANA.

One Man Killed, One Fatally Wounded and One Slightly Hurt.

Baton Rouge, June 28.—One man is dead, one fatally injured and another slightly wounded as a result of a shooting here yesterday.

Gordon Reddy, Jr., of the Bowie Lumber company, and Robert L. Askew of the same firm, were at breakfast at the Mayer hotel when one of the Garrig brothers came in and asked Reddy for a few minutes conversation. Reddy went outside with him, followed by Askew, and as soon as they reached the street firing began. George, Duncan and Leon, the three Garrig brothers, and J. E. Besson, a friend, were the opposing party. Askew was shot through the body and died a few hours later. Reddy was shot in the small of the back and is in a critical condition. Several legislators had narrow escapes from the bullets and a negro bystander was slightly wounded.

It is said that Reddy preferred charges against William Garrig's management of the lumber company's affairs and an expert was sent to investigate the books. The expert is said to have upheld Reddy but Garrig sent word to the stockholders that matters could easily be explained and asked for a meeting for that purpose. In the meantime the young men, who were nephews of William Garrig, took up what they considered an imputation upon their uncle's honor and the shooting was the result.

Askew was a corporal in the Second Louisiana during the war and his only connection with the affair was to go to the assistance of his friend in trouble. The Garrig's were arrested.

ATKINSON ON WAR.

Discusses New Modes in Case of Conflict of Countries.

New York, June 28.—Discussing before the session on Social Economics of the American Association of Arts and Sciences, "The Influence of Social Conditions with Special Reference to the Instruments," Edward Atkinson told of the progress made from the days of the sling and the bow to the rifled guns and high explosives in conclusion said:

"All wars are now wrong. They must originate in a wrong attempted or done by one state or nation to another. Where the parties in any contest both act consistently with human rights there can be no violence. Yet some wars must be justified in defense of human liberty. Such wars develop great characters, but none are more ready to condemn the 'hell of war' than the men of highest repute who have led in the conduct of wars, which have been in defence of human liberty.

"It is ignorance on the part of the great masses of the people which betrays them to the false leaders who promote cardinal aggression. But the progress which has put the tradesmen and mechanics in control of the art of war is gradually prevailing great masses of the people of this country and of Europe, developing what has been called the 'thinking bayonet.' When the great body of privates carry 'thinking bayonets' it will be useless for the military class to array them in contest with each other and order them to fight. They will rightly say 'we privates will not kill each other and we refuse to engage in mutual slaughter, as our interests are the same. We desire to keep the peace and exchange services, not bullets each with the other. We will obey one class of your orders. We will all volunteer in the sharpshooting division whom you have ordered to shoot the officers on the other side and not the privates. Or if our officers prefer it we will array the privates in line on two sides of a battlefield, we will put our officers to the front, order them all to face so as only to hit each other while we look on at the contest.

"When the number has been sufficiently diminished to be incapable of further mischief, the privates will salute each other, return to the pursuits of peace, order and industry, thereafter free from the malignant influence of militarism, generated in that spirit which has lately led a foreign observer to make the true remark: 'That when you scratch a jingo you find a pirate.'"

To Preserve Western Forests.

Santa Fe, June 28.—S. J. Holsinger, representing the department of the interior, has been assigned to visit the Mesalero Indian reservation, in Lincoln county, and look into the feasibility of placing the reservation under forest reserve. By a recent act of congress the reservation was opened for settlement.

In addition to the reservation a thorough examination of the territory embraced in and between the Sacramento, the Capitan and the Sierra Blanca mountain ranges is to be made with a view of reporting also upon the advisability of declaring a portion of it under forest reserve. The territory comprises over 2,000,000 acres. The plan of preserving the property has already been investigated and reported favorably upon by two of the interior department's special agents, but has been bitterly opposed by lumber men and railway companies. The Zuni reservation and the adjoining county in Valencia county is also to be investigated for that purpose.

In Arizona the department has ordered a complete survey of the Grand Canyon reservation. The idea is to establish permanent boundary lines. The work will be completed within 90 days.

To Carry Coal to China.

Newport News, June 28.—A large force of men have been put to work at the Gosport navyyard on the United States colliers, Hannibal, Saturn, Caesar and Alexander, under orders from Washington to prepare the ships for sea as early as possible. The rush orders grow out of the Chinese situation. In a few days the ships will be ready to drop down to Lambert's Point, and will there load about 3000 tons of coal each. The fleet will carry 12,000 tons of fuel for the Asiatic squadron, and it should be able to reach Manila in about two months. It is expected that the ships will sail about the middle of next week.

Railroader Ground to Pieces.

Leavenworth, Kan., June 28.—Alfred J. Boyd, a resident of Leavenworth, was ground to pieces by a Chicago, Rock Island and Pacific train, across the river, four miles east of here. He was on top of a freight car, and it is supposed that he missed his footing in trying to step from one car to another. Boyd was a carpenter and took to railroading only a short time ago. He was 27 years old and leaves a widow and one child.

Shot by His Brother.

Elmo, Tex., June 28.—Little Robert Hall, aged 7, was severely wounded by an accidental discharge of a pistol in the hands of his brother, Calvert, aged 9. The bullet passed through the right forearm and into the abdomen and has not yet been located.

Farmer Shot in a Dispute.

Ardmore, I. T., June 28.—John Rhodes and Sam Bushard, two farmers living near Marietta, became involved in an altercation which resulted in Bushard being probably fatally shot in the abdomen. Rhodes was placed under arrest.
